Brand New Book ***** Print on Demand *****.Excerpt from Antonia: A Novel It was the month of April, in the year 1785, in Paris; the spring that year was a genuine spring. The gardens were in holiday dress, the grass was enamelled with daisies, the birds were singing, and the lilacs were growing in such profusion near Julien's window, that their full-blown thyrsi bent over into his very room, and scattered their little flowerets over the great white squares of the floor of his studio. Julien Thierry was a flower-painter, like his father, Andre Thierry, who had been very famous in the time of Louis XV. as a decorator of friezes, panels of dining-rooms, and ceilings of boudoirs. In his skilful hands these graceful ornaments became real works of art; so much so, indeed, that he ceased to be an artisan, and gained a great reputation as an artist; he was highly esteemed by persons of taste, his work commanded great prices, and he was a person of consideration in society. Julien, his pupil, devoted himself to painting upon canvas. In his generation, the light and charming decorations in the Pompadour style had ceased to be fashionable. The severer taste of the Louis XVI. era no longer scattered flowers over ceilings and walls, it framed them. Julien, therefore, painted flowers, fruits, pearl-shells, brilliant butterflies, green lizards, and drops of dew, in the manner of Mignon. He had a great deal of talent, he was handsome, he was twenty-four years old, and his father had left him nothing but debts.
