Department of Health (2011) Educating children and young people about mental health is of vital importance if we are to challenge the ignorance and stigma related to this area of health. Many young people will be living in families where an adult member may have mental health problems or indeed may be facing similar problems themselves. This book provides a comprehensive resource to help teachers deal sensitively with this important area. Part One provides an introduction and background information highlighting the need to tackle Mental Health in primary schools. The facts are startling - 10 of 10-16 year olds have a diagnosed mental health disorder, there is an increasing number of children self-harming and an alarming increase in early eating disorders.
