By Qamrul A Khanson

AUTHORHOUSE, United States, 2006. Hardback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. The Philosophy of Monotheism is a quest for a comprehensive understanding of human existence in conformance with The Creator Lord of the Universe. The objective in the Philosophy of Monotheism is to consider the rational justification of logical inferences, Creator's values, criteria for establishing the claims of knowledge and certainty with reference to Almighty The-God (Alloh / Elohim), and interpretations of the creation-reality. The united insights of all the Prophets and Messengers from the Biblical times to the finalisation of Almighty The-God's religion of Submission: Al Islam (Shalom), all contributed resources to stimulate united philosophical thinking based on reality on the matter of Monotheism, meaning Oneness of The-God. This book The Philosophy of Monotheism is a manual to human success and discusses that Monotheism (Tauheed) is not opposed to differences of opinion among humans, pluralism in subordinate leadership, freedom of choice, tolerance of others, values pertaining to moral and democratic principles. The Monotheism is rather the foundation for all of them. Be wise to read this book.

### Reviews

*This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

-- Ally Reichel

*This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You won't feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).*
