Disney-Hyperion Jul 2016, 2016. Taschenbuch. Book Condition: Neu. 210x141x21 mm. Neuware - They came after the Diseray. Some were terrors ripped from our collective imaginations, remnants of every mythology across the world. And some were like nothing anyone had ever dreamed up, even in their worst nightmares. Monsters. Long ago, the barriers between our world and the Otherworld were ripped open, and it's taken centuries to bring back civilization in the wake of the catastrophe. Now, the luckiest Cits live in enclosed communities, behind walls that keep them safe from the hideous monsters fighting to break through. Others are not so lucky. To Joyeaux Charmand, who has been a Hunter in her tight-knit mountain community since she was a child, every Cit without magic deserves her protection from dangerous Othersiders. Then she is called to Apex City, where the best Hunters are kept to protect the most important people. Joy soon realizes that the city's powerful leaders care more about luring Cits into a false sense of security than protecting them. More and more monsters are getting through the barriers, and the close calls are becoming too frequent to ignore. Yet the Cits have no sense of how much danger they're in-to them, Joy and her corp of fellow Hunters are just action stars they watch on TV. When an act of sabotage against Joy takes an unbearable toll, Joy uncovers a terrifying conspiracy in the city. There is something much worse than the usual monsters infiltrating Apex. And it may be too late to stop them 400 pp. Englisch.
