Judging from the many favorable expressions that appear in print as well as from the attractiveness of the subject itself, few memorials would be received with more general approbation, as few could be more significant or fitting. Preeminently historical ground, New York presents an inadequate showing of historical monuments. An organized effort to increase their number with a statue of heroic Hale, the type of American patriotism, surely will not be permitted to meet with failure. His name is as deserving of commemoration as that of Andre. Wm. H. Prescott. His character is of sterling cast, and his unhappy fate one of the most interesting events of the American Revolution. Edward Everett. An upright, disinterested patriot, who seems to have been guided by a sense of duty, and not by a desire for emolument or even for fame. George Bancroft. It is not to success in battle, it is not to eloquence of speech, it is to prompt self-sacrifice, it is to readiness to die when one s country calls, that the honors of to-day are given. Edward Everett Hale. Thus, while fond Virtue wished in vain to save, Hale, bright and generous, found a hapless grave. Pres. Timothy Dwight.
