It s new, different, and unbelievable. It s the brilliant invention that has brought a new meaning to modern technology: the Amazon Echo. Amazon Echo is a speaker, voice assistant, smart home device, music player, math genius, news reporter, and so much more. No actual words can really describe what this new device is. It was created by Amazon, and has been a hot topic since July 2015. It was first launched in late 2014, but it wasnt available to the public until late June of 2015. And since then, the smart device has been selling like funnel cakes at a county fair. Here is a preview of what you ll learn: Background knowledge of the Amazon Echo Setup of the Echo and the Alexa App Everything the Echo can do How to give proper commands How the Echo has improved since it was first launched Having background knowledge about the Echo will enable its future owners of how it works and how they can master it faster than most. But the Echo is probably one of the least complicated devices that have been invented on this Earth, especially when considering everything the Echo can do for its owners. In addition, one just needs to control it with their voice. The Echo is sure to...
